Dear Mr. Pantos,

Thank you for arranging for Liliana Shannon to speak with our parents. I know that our parents greatly appreciated the information she gave them. I think that it is important for them to know that there are services available to help them with legal issues. Liliana was very gracious and knowledgeable. I appreciated the extra time she took to speak with our parents privately after her presentation.

JoAnne mentioned that your twins were being induced on Friday. I hope your wife and babies are doing well and that Dad is fine also!

Sincerely,

Mary Morrissey  
Principal
